

## Abbey Road Primary School - PE Funding 2016/17

Abbey Road Primary School provides a wide and increasingly varied range of curricular and extra-curricular sporting opportunities - available to all children - contributing to their health and well-being.

The successful delivery of our PE provision, as well as the valuable (voluntary) contributions of staff and parents, has made Abbey Road a very successful school within Rushcliffe when it comes to competitive sports. We believe that involvement in sport has a positive influence on the concentration, attitude and academic achievement of all children.

Our provision is constantly under review and is monitored by Mrs Dussek (PE subject leader) as part of our routine school monitoring processes.

To maintain and further develop the wide breath of sporting/physical activity, we have used our additional PE funding strategically in order to secure longer lasting benefits as well as ensuring children are equipped with essential life skills. We invest well over our 'PE and School Sport Premium' funding in providing our pupils with a range of opportunities. The activities outlined below detail our spending of the "PE and School Sport Premium" for the academic year 2016/17.

For the financial year 2016/17 our funding was circa £9500.

**In July 2016 we were awarded the 'School Games Silver Mark', for the second consecutive year, in recognition of the opportunities available to our pupils.**

Activity	Approximate Cost	Intended Outcome
Cost of staff supervision at competitive events and participation festivals during school time (cover costs)	£1000 (10 events across course of year)	Broad range of pupils – from different year groups - able to experience both sporting tournaments and festivals
