

Hi everyone,

We hope that even though it feels so strange to be away from school, you are enjoying having some extra time with your family. As well as doing the work that we sent home, it's important that you're having fun, chilling out and getting fresh air.

Massive congratulations to 6W who won the first Times Tables Rock Stars battle! You smashed it! We can't wait to see the results for the girls vs boys battle!

We'd love to know what you've been up to. Did you know that you can send pictures and messages to the school office and they will send them to us!

A message from Mr Good:

I miss you all so much! It's been so strange not seeing you each morning and hearing how you are. I've been spending lots of time with my little girl Bella. Yesterday, I tickled her so much that she trumped! I've also been doing PE with Joe each morning. My legs are aching! I didn't realise I was this unfit! We've been spending lots of time outside in the sunshine, playing football and planting seeds. I even got sunburned! I must remember to put a hat on my bald head! I don't know how long this coronavirus is going to last, but I DO know that I will see you all again and that we'll be able to high five, catch up and have a laugh.

A message from Miss Wroe:

We may not be in school together, but some things don't change – I'm still loving drinking my hot water, still in my flask!!! Sadly none of you are around to see me drip it down myself like usual though 😊 I'm missing chatting and laughing with you all! I hope you're managing to get outside in the sunshine; I've been basking in the sunshine like a cat. I've also been enjoying cycling into school to look after some of the children still coming in, but it feels so weird and empty! Who knows when, but I will see you again, and I can't wait to hear what you've all been up to.

In the midst of a very weird time, here are our top tips For making things feel a little more normal.

1. Stay connected to your friends. Ask your parents if you can call a friend a few times each week. Using FaceTime is waaaaaay better than texting – it's nice to see the person you're talking to.
2. Keep a structure. It's waaaaaay nicer for our brains when we have routine. Our mind loves it when we do the same thing at the same time each day. Look at the tasks we have set each week and write your own timetable of when you are going to get it all done. You could even include when you're going to do PE with Joe and when you'll take a break.

Easter is coming!

Even though it might not feel like a change because you're already at home, the next two weeks is actually the Easter holidays! We will not be setting any Maths or English work, but here are some Easter activities to help you stay busy over the coming weeks:

- Write some letters to people in your family that you can't see at the moment.
- Tidy up your bedroom and amaze your family by cleaning it too!
- Make up a quiz for your family and challenge them all with the questions.
- Organise a 'Zoom' family gathering and invite all of your family to have a virtual get-together. <https://zoom.us/>
- Create an obstacle course in the garden or in the house and get all of your family involved. (Remember to stay safe!)
- Organise some photographs in a photo album and write captions to go with each one.
- Paint a picture of your favourite flowers.
- See how many 'keepy ups' you can do with a football or tennis ball and racquet.
- Video yourself singing your favourite song; you could even write your own or play an instrument to accompany it.
- Write a story and make it into a book with illustrations to read to a younger sibling or a younger cousin in a video chat.
- Bake something tasty to eat with your family. <https://www.bakingmad.com/recipes/kids-baking>
- Ask your family if they need help with a job in the house.
- Facetime a friend and tell them a joke or two.
- Play a board game with your family.
- Learn how to play Solitaire. (This is a good version: <https://solitr.com>)
- Eat chocolate!
- Complete the 'Gratitude Scavenger Hunt' <https://naturalbeachliving.com/gratitude-scavenger-hunt/>

Gratitude Scavenger Hunt for Kids

1. Find something outside you enjoy looking at
2. Find something that is useful for you
