Y5 Home Learning Letter – week beginning Monday 29th June

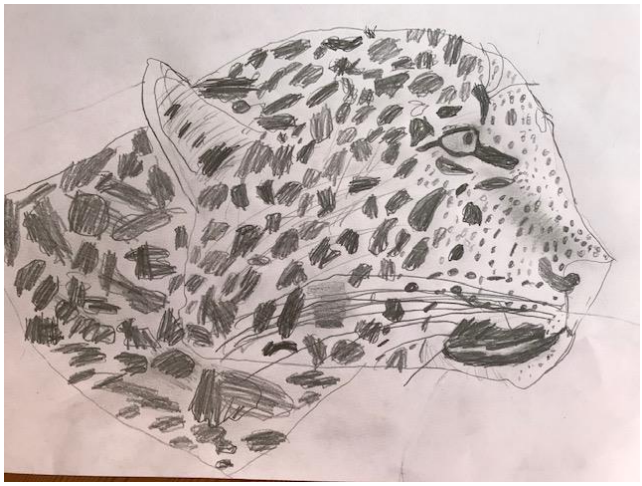
Dear Parents

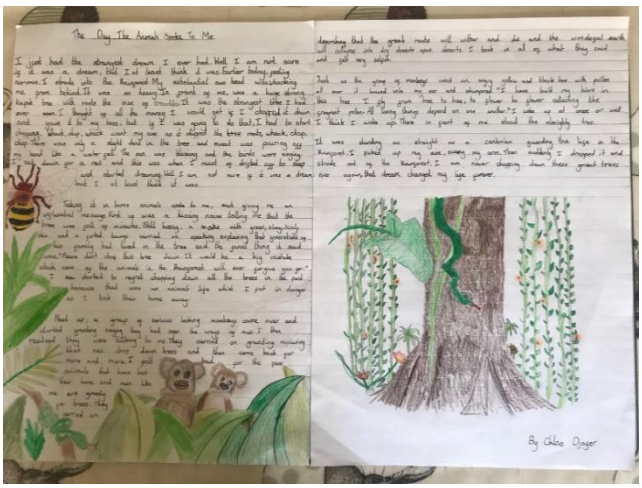
We hope you and your children have been able to find some time to enjoy the fabulous sunshine!

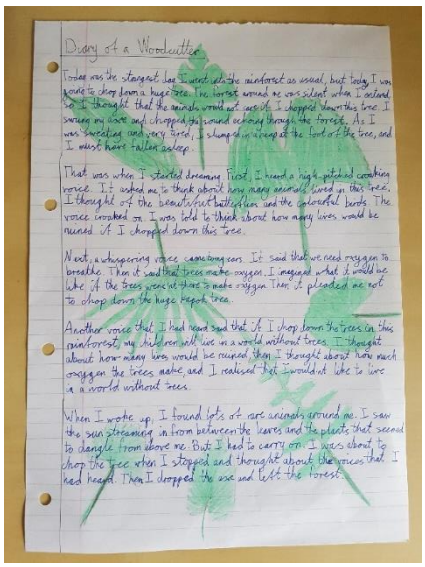
The weather, plus the announcement that all children will be able to return to school in September, has hopefully made for a good week and there really aren't many more weeks of home learning to go now so please continue to try and support your child as best as you can.

We will be continuing to base much of the work we are setting around the Rainforest topic for the next couple of weeks before finishing the year with a little project.

Below is a selection of the great work we have received this week.







As well as the work we're suggesting on the school website, one of the children has been really enjoying playing some maths games on BBC bitesize which your child may also enjoy.
