

Dear Parents, carers and children of Year 2,

And just like that, the weather has totally flipped again! But, let's look for the positives... hopefully all the flowers and vegetables you have all been planting will be appreciative of it?!

We hope, despite the rain, that you've still been able to get outside every day and keep your body active. Next week is 'National School Sports Week' and Mrs Dussek has popped some resources on the school website for you to try. Lots of these activities can be done either indoors/outdoors and don't require lots of equipment... just energy! Let us know how you get on with these challenges – we love to hear from you.

Everybody in Year 2 would like to wish Isobel a Happy Birthday for next Friday! Have a lovely day; play lots of games and celebrate turning 'Super 7!'

Mrs Turner is reading our story, "Even Superheroes have bad days"

by Shelly Becker this week on the Year 2 page of our website. There is an additional challenge for you linking to this book. Watch the clip to accept your "Superhero Challenge". You will also see that the 'June updates from our friends' page has been updated with most recent pictures of your friends too.

As per usual, you will find the resources needed for next week's 'Home Learning' on the Year 2 page of our website. The first link after this letter that you will find "**Read Me 22.06.20**" provides the outline for the week ahead. For science this week, we've suggested trying to grow garlic – all you need is one clove! We'd love to see how you get on with this... maybe some of our avid bakers/chefs could start thinking of some recipes using garlic that we could try with our produce??

Stay safe and take care

The Year 2 Team x

Year 2's Clues!

So, did you guess the answer to the riddle last week?

What has hands but doesn't clap?

Answer: A clock

Well done if you worked it out!

The riddle for this week:

What goes up but never comes back down?
