

Identifying Word Classes

On a separate piece of paper, draw lines to make four columns.

Give each column its own heading as follows:

Verbs = yellow

Nouns = blue

Adjectives = purple

Adverbs = green

Read each word and write it in the column that it belongs to.

(This is so you don't have to print but, if you do usually print, you can colour using the correct colour)

The answers are on a separate sheet for you to check your work.
